March 15, 1995

Dear Mr. Wehle,

Congratulations on completing the OSHA 10 Hour Construction Safety and Health Training Course. This course was designed to highlight the most important parts of the OSHA 29 1926 Construction Standards Manual. By completing this course, you should be able to identify most hazards in the work place.

Attached is your OSHA Certification of Completion of the 10 hour OSHA Training Course in Construction Safety & Health.

ABC/ABCI is preparing to present symposiums of various safety subjects. A flyer will be distributed when they are ready. Also a Safety/Hazardous Communication Program is being prepared and should be ready in about a month.

If ABC/ABCI can assist you in any of your safety needs, please contact Bill Wachter or Dwight Foster at (407)994-2640.

OSHA

U.S. Department of Labor
Occupational Safety and Health Administration

This is to certify that

JOHN WEHLE

has successfully completed a 10-hour Occupational Safety and Health Training Course in

Construction Safety & Health

2-11, 19 95
