RE: Stryker Electrical Contracting, Inc. - Letter of Reference

Dear Ms. Moore:

I have known Mike and Bill Bryan for over 20 years. They both have professional integrity and experience unmatched in the industry. I highly recommend Stryker for any electrical work FDOT may wish to consider them for. They have completed tens of millions of dollars worth of electrical work for our company, all without problems or call backs later on.

I will be happy to answer any further questions you might have about this fine company.

Sincerely,
JAMES A. CUMMINGS, INC.

William R. Derrer
