

August 28, 2017

To whom it may concern:

This letter will serve as a reference to Stryker Electrical Contracting, Inc. who was an irreplaceable member of the Morganti construction trade team at the Martin County High School Admin/Science/Career Building in Stuart, Florida, which had an Electrical Contract Value of over \$1.6 Million.

With Stryker's assistance Morganti and the team were able to deliver the owner an exceptional property while overcoming numerous design and schedule obstacles. Stryker's ability to be a flexible team member and help drive the flow of construction allowed Morganti and its team to complete this premier project ahead of the Owner's project schedule.

Stryker's project site team worked hard to maintain a clean and safe working environment while working seamlessly with the other trades on the project to keep the progress of the project moving.

When the opportunity presents itself, Morganti would not hesitate to use Stryker's services again and would highly recommend Stryker to any Contractor or Construction Manager that needs a quality Electrical Contractor.

Sincerely,

**The Morganti Group, Inc.**

Stephen Sines  
Operations Manager
